**Workshop: Quantum and Classical Systems with Long-Range Interactions at IIP Natal,  
Brazil, July 15 -- 19, 2019**

A workshop on long-range interactions will be organized in Natal, Brazil, 15-19 July, 2019, which will explore equilibrium and out-of-equilibrium dynamics of classical and quantum long-range systems. This workshop will be a Satellite Meeting of StatPhys27, to be held during 8-12 July, 2019 in Buenos Aires, Argentina.
