

Weekly newsLetter in Statistical Physics: conferences, academic jobs and post-doc positions

POST-DOC POSITIONS

One to three-year postdoc positions in Econophysics at the CFM Chair of Econophysics & Complex Systems, Ecole Polytechnique & Capital Fund Management, Paris, France.

Supervised by JP. Bouchaud & M. Benzaquen. Subjects range from market microstructure, order book dynamics, market instabilities and green finance to macro-economic modelling, agent-based simulations, monetary policy and network economies. Although an interest in econophysics and finance is crucial, no prior knowledge in the field is needed. The ideal candidate holds a PhD in experimental or theoretical physics, life science or mathematics, is creative and rigorous with good intuition, and a taste for data analysis and modelling. Good analytical and programming skills in Python are advised. Good teamwork skills are also important. Flexible starting date. To apply, address us a CV and a cover letter, together with a couple of references before 1 June 2020. See: www.econophysiX.com

From: Michael Benzaquen <michael.benzaquen@ladhyx.polytechnique.fr>

Postdoc Position in the research group „Computational Biomolecular Dynamics“ of B. de Groot at the Max Planck Institute for Biophysical Chemistry in Göttingen, Germany

Postdoc positions for the following project: Alchemical Free Energy Calculations in Protein and Ligand Design
