

Weekly newsLetter in Statistical Physics: conferences, academic jobs and post-doc positions

---

## ACADEMIC JOBS

---

### **W2 Professorship for Computational Physics, University of Potsdam, Germany**

The Institute of Physics at the University of Potsdam invites applications for a permanent faculty position as W2 professor in Computational Physics starting 1st April 2022. The successful candidate will be specialised in quantitative theoretical-physical modelling and computational physics, particularly in the areas of climate physics, physics of oceans and the atmosphere, or other related areas in non-linear dynamics. For more information see:

---

## CONFERENCES

---

### **2021 Multicell Virtual-Tissue Modeling Online Summer School and Hackathon hosted by Indiana University, Bloomington, August 1st to 8th, 2021.**

Learn to model your biological system of interest with one-on-one help. Physicists, biologists, computer scientists, and modelers team up to build research-grade models of biological systems. All experience levels welcome. Models will use the open-source CompuCell3D modeling environment. For more information, email [compucell3d.iu@gmail.com](mailto:compucell3d.iu@gmail.com) or visit <https://compucell3d.org/Workshop21>. ## MISCELLANEOUS

---

### **Reviewing and open-access in scientific publishing**

A collection of contributions about changes in the editorial process of scientific articles and about the appearance of Open Access journals:
