## WORK EXPERIENCE

 2011 - ... **Research analyst, with special interest in higher education teaching and learning**

Intelligence unit - French Institute of Education (IFÉ), ENS de Lyon

- **Reviewing activity:** analyses the research production in order to highlight commonalities and discrepancies between European and North-American systems of higher education and to gather evidence and knowledge for practice.
- **Knowledge transfer activity:** organises and/or takes part in training sessions, conferences, counselling and peer-learning activities targeting various players in the higher education sector

[French higher education sector](#)

 2004 - 2011 **Information specialist in the field of education and training**

Intelligence unit - National Institute for Educational Research (INRP)

- Actively participated in the launch of the intelligence unit (especially IT project management).
- Started to develop activities such as monitoring and mapping of research production, then gradually developed reviewing and knowledge transfer activities, till INRP was integrated into ENS de Lyon and renamed IFÉ.

[French higher education sector](#)

 2003 **Project manager at the French academic consortium for electronic publications**

COUPERIN - Lyon 1 university

- Besides membership management, made sure the negotiations process was consistent, and was in charge of the communication between all parties (negotiators, providers and universities).

[French library and information services sector \(Higher education settings\)](#)

 2002 **Project manager for the renewal of the library website**

General library - Lyon 1 university

- Drew up general and detailed specifications, took part in the monitoring of the tender and took on the responsibility for the project ownership.

[French library and information services sector \(Higher education settings\)](#)

 2001 **Project manager and instructional designer**

Continuing education unit - ENSSIB (French school of library and information sciences)

- Project manager and webmaster for a portal dedicated to training opportunities for librarians and information professionals.
- Designed training programmes dedicated to new IT practices in libraries and information centres.
